

SUN BEAMS

By WALTER M. BARRETT

Two or three puffs of wind swept down Commercial Row again this week and the doorways and sidewalks in front of each and every establishment along the line immediately took on the aspect of having been neglected for weeks. We knew this was not true, as each morning the storekeepers or their assistants spend time sweeping the walks clean. It seems a thankless task to sweep the debris off and an hour later have a gust of wind scatter papers and trash from the street back onto the walks. If it be within the power of the sanitary board to correct this nuisance, we are strongly in favor of doing something about it.

Well, folks, we made a mistake. It's pretty hard in this business to keep busy and not make them, but when we do we correct them as much as possible and try again. We reported in this column last week that Truckee was sorely in need of an ambulance. We were unaware of the fact that Harold Laity operates an ambulance here and has for several years. It has provided, and will continue to provide, for the ambulance needs of this district and Laity has indicated that when the need arises he will increase the service. We regret our mistake.

Dan Smith's deer may or may not have weighed 275 pounds, but we want to remark right here that it was a dandy and not only looked fine but tasted grand. We are prepared to back Dan up in his story about the weight after partaking of a steak the other evening. We'll even make it 276 pounds and swear to it.

It is highly improbable that a person would deliberately set fires in the national forest, but through carelessness a blaze can cause equally as much damage, and at this time of the year, with the forests and underbrush powder-dry, extreme care should be taken. And while we are on the subject let us quote a section of Nevada County Ordinance No. 127A, which says: "That it is unlawful for any person to smoke within the exterior boundaries of the Tahoe National Forest in the County of Nevada, State of California, except on state highways, main county roads, at places of habitation, or at improved camp grounds between the 1st day of June and the 1st day of November, each year." The ordinance goes on to fix a penalty of six months in jail or a \$300 fine for conviction. For the sake of the forests and your own convenience take care.

Hobart Mills closed down last week after operating since 1897. That is a sad bit of news to the entire district but especially to the families which have made their homes in the mill town these many years. Associations formed from mutual problems and pleasures will be hard to break and it will be no easy matter for residents who have known no other life than the pleasant one spent at Hobart, to leave to find new locations. We can only join in wishing those who are leaving the very best of success in their new undertakings.

Now that the Lions have cut out the Wet Chair club activities a gain in attendance is anticipated. It means a lot to some of the boys to discontinue that questionable pleasure and we hope the end justifies the means.

CHAMBER TO MEET AT COFFEE SHOP

Further discussion relative to the winter sports program and other community problems were the objects of the program at this week's luncheon meeting of the Truckee Chamber of Commerce held at the California cafe. President Charles White presided.

The next meeting will be held at the Truckee Coffee Shop.

METHODIST LADIES AID PLANS SESSION

The Ladies' Aid society of the Methodist church will hold its initial meeting of the season on Thursday, October 8 at 2 p. m. in the church building.

Plans for a food sale to be held October 16 are to be discussed.

Mrs. G. D. Kamp, president of the organization, has extended a cordial invitation to the women of the community to attend the sessions.

HOBART MILLS CLOSED AFTER NEAR 40 YEARS

Ceremony Marks Closing of Big Mill as Last Log Sawn

HISTORY IS RELATED Families Will be Separated After Long Association at Hobart

A profound silence came over the small group of men, women and children at Hobart Mills Friday morning when a brief, somber ceremony brought to an end the pleasant association which had been enjoyed by the families there for nearly half a century.

As the last log from the mill pond slowly ended its way up the runway Scaler James Canonic stepped to one side and his sister-in-law, Mrs. Bert Canonic took the scaling stick and accurately scaled the big timber, entered the figures in the book and watched the log continue up and onto the carriage.

T. K. Oliver took the sawyer's place and as assistant manager of the company had the honor of sawing the last log. Out of this log some thin boards were cut and broken into small pieces to provide souvenirs of the occasion.

The last whistle A short time later the last, long whistle, sounding the end of this season and of thirty-nine previous seasons, was blown and even if some of the toughest old loggers felt a heavy lump in their throats they are not to be classed as sissies.

Many of the families have lived in Hobart during the entire period of operations there. The firm was a friendly one and the owners, bosses and employees comprised one big family. Children were born in the shadow of the mill and have known no other life than the one which they enjoyed there. That last whistle had a particular significance to the permanent residents of the community, who must sever ties of years standing and start life anew in strange fields.

Started in 1897 Work was started in 1897 to build the town of Overton, named after Cap Overton, general manager at the time of the holding of the Hobart.

(Continued on Page 4)

PASSENGER PAYS \$20 FINE IN COURT HERE

A man giving the name of George A. Nelson, 45, a passenger on a Southern Pacific train, was fined \$20 when he appeared before Justice of the Peace C. E. Smith last week charged with being drunk and causing a disturbance on the train. He was arrested by Special Officer Al Pfander.

Nelson, who was en route from Reno to San Francisco, was charged with disrobing on the train.

BOCA SAWDUST FIRE FOUGHT BY RANGERS

A fire in the sawdust pile at Boca was extinguished last Saturday by foresters from the Truckee station. No damage was reported by Forester Stone who was in charge. It was believed that a careless cigarette smoker was responsible for the incipient blaze.

Foresters Fight Fire In City Dumping Ground

Men of the local forest service were called out to the garbage dumping ground, about half a mile from the Trout creek bridge Monday afternoon to battle a conflagration which evidently had its source in a spontaneous combustion or perhaps a piece of glass lying where the rays of the sun shone strongly on it.

Although the blaze was under control by evening a crew of men was watching it early Tuesday morning to prevent any further outbreak.

BUILDING HERE IS ON INCREASE

New Business Structures are Included in List of New Buildings

Building activities in Truckee are flourishing. Throughout the town new buildings are under construction and old structures are being remodeled.

Among those nearing completion is the new furniture display room being erected in back of his present store by Dave Cabona. Two old garages were demolished to pave the way for the new structure which will occupy a floor space of 45 by 24 feet.

James McIvers' addition to his garage at the foot of Commercial Row is rapidly gaining form. McIvers plans a large additional storage space, to be heated, as well as enlarging his shop. Other improvements there are being planned and will be announced later.

William Englehart has erected a brick addition to his Truckee Soda Works plant to house his new bottle washing machine and other new equipment and supplies.

W. H. Laity is erecting a 48 by 22 garage to house his four cars, trucks and ambulance back of his home on River street.

The entrance to the Riverside hotel is being made larger and enclosed in a storm porch to prevent the cold from penetrating the lobby, as well as adding to the appearance of the place. Several rooms are also being remodeled by Mrs. Fay, the proprietress.

The Truckee garage is being given a fresh coat of white paint by Tony Ghirard, with green trimmings to make the building more colorful.

Recently the Donner hotel and the Stone garage were redecorated and several other businesses are being altered and remodeled for winter. These activities, added to the construction of the new grammar school, which will be ready for occupancy this month, have given Truckee a real building boom which promises to continue far into the winter months.

SEVEN HELD IN LOCAL GOLD PLOT

Woman, Officials Arrested as Probe of Gold Theft is Conducted

Federal investigators today have in custody seven prominent Grass Valley and Nevada City residents, including a policeman and a justice of the peace, accused of being members of an ore highgrading ring which San Francisco agents said made the San Francisco mint a fence for \$1,000,000 worth of stolen gold. More arrests were expected soon.

The Grass Valley policeman involved is William Frazier, who was arrested as he patrolled his beat in uniform. Accused with Frazier are Justice of the Peace Walter L. Mobley of Nevada City; W. E. Moulton, North San Juan storekeeper; Ida E. Davenport, Moulton's secretary; Ben Bost, Nevada City assayer; B. W. Hills, Grass Valley assayer; French Carroll of Nevada City.

RANCH LABORER IS FINED IN FIRE CASE

In order to complete the investigation into the forest fire which caused considerable damage and took 300 men three days to extinguish in Carpenter valley recently Ed Poore, ranch laborer in that district, pleaded guilty to causing a fire in the area and was given a suspended fine of \$25 when he appeared before Justice of the Peace C. E. Smith here this week.

Poore declared he had no recollection of smoking, but in order to end the controversy, agreed to plead guilty and accepted the minimum penalty imposed by Judge Smith.

OMAHA FIRM IS LOW BIDDER ON BOCA DAM JOB

Eighteen Companies Submit Bids for Construction of Local Project

\$729,435 LOW OFFER

Work Expected to Start by First of Year at Boca Dam

The George W. Condon company of Omaha Wednesday entered the lowest bid among the 18 submitted for the construction of the Boca dam project on the Truckee river eight miles east of this city, the United Press reported today.

The bid was for \$729,435. The estimate was \$823,000.

Offers were opened yesterday at the bureau of reclamation offices in Reno and it was announced that the contract will be awarded within 60 days. It is first necessary to gain the approval of federal authorities.

Work on the project is expected to be well under way by the first of the year and will continue for more than two years, it is estimated.

The proposed dam will impound about 40,000 acre-feet of water as now planned and may provide when completed for as much as 45,000 acre-feet. It is planned particularly to take care of flood waters from the Little Truckee river, which is fed by Independence and Webber lakes.

Will be 107 Feet High

The dam will be 107 feet above the stream bed, have a length along the crest of 1,600 feet and water will be backed up about three miles. The top of the crest will be about 35 feet in width. The base will be 750 feet wide with back slopes about 2 1/2 to 1 and the front slopes 3 to 1.

The spillway will be a concrete-lined channel forty feet in width at the gate structure and controlled by two gates 19 feet wide by 16 feet high. The spillway channel will be about 700 feet long. The capacity of the spillway for flood purposes will be about 8,000 second-feet.

Power Firm to Aid

The Sierra Pacific Power company will construct, at its own expense, additional capacity of 4,800 acre-feet on the Little Truckee and this will probably be done by the power company bearing the expense of raising the big dam and tearing out its own smaller dam at Boca. The power company will put up from \$100,000 to \$110,000 in cash for this additional impoundage.

PARENT-TEACHERS TO DISCUSS HOME MAKING AT FRIDAY'S MEETING

"Home Making" has been chosen as the subject of the round table talk to be heard at the meeting of the Parent-Teachers association to be held at 2:45 o'clock at the Meadow Lake Union high school Friday afternoon.

Mrs. W. B. Gage is program chairman for the year and a series of talks will be heard during the season while a different chairman is chosen for each of the meetings.

Mrs. H. I. Snider will have charge of the discussion to be heard tomorrow afternoon.

Truckee Women Capture Honors at Club Session

Seven Truckee matrons last Thursday afternoon attended a card party given by the Tahoe Women's club and two of the local women captured prizes. Mrs. R. P. Bick won first prize at the contract tables and Mrs. Lotta Bryant was first in the auction competition.

Others attending from here were Mrs. A. Applegate, Mrs. A. Polyanich, Mrs. C. Edmunds, Mrs. A. Mahne and Mrs. A. Filipic.

Nebraska has instituted a one-house legislature to be elected for the first time in November.

Winter Sports Fund Nears \$1000; Extend Time to October 10

Encouraging Report Marks Half-Way Point in Drive for Funds to Promote Winter Sports; \$1000 Still Required

With voluntary contributions nearing the \$1000 mark, success of the Truckee Winter Sports today seemed assured.

However, the program has reached a critical point. Another \$1000 is needed to complete the necessary amount for the coming season, for the purchase of new equipment and supplies and for remodeling the present facilities. Unless this amount is forthcoming the committee in charge has decided that the venture will not be worthwhile and the \$1000 already contributed will be returned and the program dropped.

Although today had been designated as the last on which the money could be deposited with the Bank of America, the committee decided to extend the period ten days, making October 10 the deadline. This date was declared the limit as work must be started in the near future if the grounds are to be gotten in condition for the season.

Personal contributions from individuals also will be accepted. A number have asked if they might participate and the committee has agreed that anyone wishing to aid in the community program should deposit their money with the bank.

Those who have paid their share of the expense for the coming season were announced by the committee as follows:

Forty Days Granted to File Brief in Case Before Commission

Another continuance in the state industrial board hearing in the case brought against eight Truckee organizations and individuals by Mrs. Elsie Powell as the result of the death of her husband, Ray Powell, was granted here Tuesday.

The hearing, held before Referee Warren L. Hanna, attracted considerable attention as much interest is centered on the outcome of the action. The continuance was granted when George Springmeyer, attorney for Mrs. Powell, asked for 40 days in which to prepare and submit briefs.

Defendants in the case are the Truckee Grammar school district, the Truckee Chamber of Commerce, the Truckee Lions club, the Truckee Outing club, the Peterson Construction company, C. Edmunds, Truckee Winter Sports, the Truckee Public Utility District and the State Compensation Fund.

Witnesses at Tuesday's hearing included Tim O'Hanrahan, chairman of the school district, who was called upon to explain various phases of the contract for building the new school; Jack Wolert, Truckee contractor, who was asked regarding the safety measures taken before the old building was torn down; Peterson, contractor for the new building and Edmunds, who was in charge of the work when Powell was fatally injured.

Vernon Stoll, district attorney for Nevada county, represented the school district at the hearing while a San Francisco attorney was counsel for the insurance fund, Peterson and the utility district.

It is charged that Powell was not protected by workmen's compensation when he was killed while engaged in working on the old building. The hearing was held in an effort to place the blame and determine who is liable in the case.

Mrs. Gordon Attends District Church Meet

Mrs. Scott E. Gordon attended the quarterly meeting of the Sacramento Diocesan Council, N.C.C.W. which was held at Gridley on Wednesday. His Excellency, the Most Rev. Robert J. Armstrong, D.D., bishop of Sacramento was the principal speaker at the luncheon meeting.

Mrs. A. E. Coolot of the capital city is president of the group. Mrs. Gordon holds the position of chairman of the constitution and by-laws.

Fish Ladder Replaced By Firm at Floriston

The fish ladder near Floriston on the Truckee river is being replaced by the Crown-Willamette Paper company, according to Jack Schwab, who is in charge of the company's holdings there. The old ladder was washed out by the high water last spring.

MEXICAN TREATED FOR SCALP INJURIES HERE

A Mexican laborer, whose name was not immediately learned, created a mild sensation on Commercial Row Tuesday morning when he was brought to Dr. J. H. Bernard to be treated for a scalp wound which he suffered when he fell while crossing the railroad tracks. First indications were that the man was seriously injured but it later developed that he was merely stunned by the blow.

TWO SOUGHT AFTER BENCH WARRANTS IN COURT ARE ISSUED

Judge Raglan Tuttle signed a bench warrant for the arrest of two men Friday as probation violators who are now being sought by Nevada county officers.

Clifford Cundy, who had been employed in treg surgery work at Lake Tahoe and had plead guilty to the charge of grand theft in the embezzlement of funds from the Bret Harle Inn and A. D. Fogg, who plead guilty to grand theft through the issuance of fictitious checks, were convicted in the superior court of the county and later admitted to probation terms which would have reinstated them in society while they returned the amounts purloined.

Cundy, who is a British subject, was reported seen in Salt Lake where it is believed he traveled in an effort to reach Canada.

No trace of Fogg has been reported. The men are alleged to have ignored the terms of probation from the first and when and if they return to the county they will have to serve the sentences meted to them at the time of conviction.

OUR BIGGEST ASSET NEGLECTED

TRUCKEE, whether you realize it or not, is the most colorful and picturesque town in California, surrounded by history lore and embracing an almost legendary background. True, other cities and towns have enjoyed similar past distinctions, historical facts and events brought about by the early invasion of the gold seekers and adventurers, but in virtually every case, with the exception of Truckee, this historic atmosphere has been swallowed up by new industries, farming, manufacturing and other commercialized pursuits. Truckee enjoys the distinction of being a truly pioneer town—the first gateway to the Golden State.

We are likely to overlook the values of this fact. We might see our town as a good, healthful and beautiful place to live, and once in a while we may give thought to the possibilities of increasing our businesses in the same manner which has proven successful in other pioneer towns of the state. But, we overlook, too often, the outstanding value both from a commercial as well as historic standpoint the very essence of our livings.

More than 1700 people visit Marshall's monument at Colma monthly, according to published reports. Hundreds also stop monthly at the Donner monument here, but do we point out our other historical features—features which people would travel hundreds of miles to view of they were only apprised of their existence through a plan of concerted cooperation and advertising?

We have a museum of great value right here in the town. It is locked up, we understand, but with the right efforts, no doubt, it could be available for public inspection and become a community asset.

Many of our older homes house relics of considerable interest and lore. Perhaps not to their owner, but to people from the outside, who have heard of the legends of Truckee and the Donner trail. These antiques could be assembled, displayed and our tourist trade would double itself. We cite as an example the attention being drawn to the restored missions throughout the southern part of the state. These old structures and their scattered contents attract thousands of tourists who drive miles out of their paths and yet right here in Truckee we have historical relics, landmarks, monuments and other memorials of at least equal interest and far more accessible in most instances. Yet motorists, because of inadequate advertising and not knowing what they are missing, speed by without hesitating.

It is a sad fact, however, that unless steps are taken to preserve our landmarks and relics they will eventually vanish and go down unseen. When it is too late to restore them we will regret that we were not foresighted enough to prevent this error.

Missions were used as barns, storerooms and robbed of materials by unthinking citizens before the program of restoration which cost thousands of dollars, but which brought realization that it is the landmarks of history which visitors enjoyed as much as our scenic natural beauties. How much simpler it would be to preserve at a minor cost that which we only can attempt to restore in part when the facts are finally forced upon us.

MEDITATIVE ANNOTATIONS

WE WILL NOT admit to being archaic in our thinking but—why in the name of good taste is page after page in metropolitan dailies devoted to the pictures of recently divorced women who display the lower extremities, powder their noses or pose in an equally inane manner with Cheshire cat grins on their faces.

The men are conspicuous by their absence in the pictures (and there must be as many men involved as women). Of course we concede that the masculine limb would not seem in the least attractive to us with the trouser leg rolled to the knee and then again, they may take the whole thing seriously.

We readily agree that divorces are oftentimes necessary but it seems there should be a degree of dignity in such solemn proceedings.

Although we enjoy, as well as anyone, the attractive figure of a girl who has won athletic contests or pictured with fruits, fish, farm products or garlands of posies but we cannot see any beauty, dignity or charm in the photograph of a matron displaying a pair of elephantine proportioned limbs with a disillusioned face, even though the smile is supposed to convey victory or winsomeness, peering in our direction as we turn the page to the next one.

In fact the whole thing is irrelevant, uncalled for—and immaterial.

NEWSPAPER WEEK

YEAR IN and year out, your newspaper records the life of its community and of the world. It is like a mirror in which mankind sees itself reflected in the whole passing pageant of joy and birth and death and sorrow, of clamor

Big Game Hunters

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Oct. 1.—(UP)—Harmony in the major parties and sensational demands by the minors featured the state political conventions which marked the start of more intensive fall campaigns in California.

The republican affairs were programmed from start to finish and slid along smoothly with only the usual delays encountered when politicians get together. Even the democrats, who ordinarily are good for a few deadlocks and heated debates, moved along without any trouble on the floor and with no important bickering behind the scenes.

Aside from the fact that the major party conventions were the most important, two minor parties, the progressives and communists, stole the show insofar as startling developments were concerned.

The democrats merely adopted the national platform and resolved to seek a state investigation of agricultural labor conditions. The republicans approved their national platform and advocated an impartial congressional study of the Townsend plan.

But the progressives, outdoing the communists, demanded enactment of the Townsend pension plan, the recall of Gov. Frank F. Merriam, pardons for Tom Mooney and Warren K. Billings, widespread organization of unions, prohibition of the use of police and military in breaking up strikes, repeal of the criminal syndicalism act, heavier taxes on wealth.

The communists almost turned conservative in their demands, the most liberal points in their program being recommendations for repeal of the criminal syndicalism act, state and federal operation of idle factories to provide jobs for the unemployed, minimum wage and working hour legislation, repeal of the

sales tax, reduction of public utility rates, retention of the income tax laws, a five-cent street car fare and prohibition one-man street cars. Political observers joked about the communists swinging from radicalism to conservatism.

The democratic party showed conclusively that the EPIC party is dead. There was practically no mention of EPICS, and those delegates who were branded as such two years ago objected strenuously to the term this year, saying they were democrats.

State Senator Culbert L. Olson, who during the last legislative session was referred to as the EPIC leader, scolded two or three political writers for continuing to call him that.

"I am a democrat, not an EPIC," he said.

The Bourbon convention's platform committee refused flatly to entertain ideas for including production-for-use, the warcy of the EPICS two years ago, as a plank in the state platform. It also turned down Assemblyman Charles Hunt's short train bill, which Gov. Frank F. Merriam vetoed last year.

There was considerably squabbling during the committee meeting because Senator Olson, head of the party's forces objecting to Senator William Gibbs McAdoo's leadership, offered a complete platform which was tossed aside after much argument.

When the committee finally reported to the convention delegates, it merely submitted a three-page statement agreeing with and pledging wholehearted support of the national platform. This was adopted and it represented a victory for the McAdoo forces.

Optimism was the keynote of both major party meetings. If expressions of leaders of both parties were true, the United States will have two presidents next year—Franklin D. Roosevelt and Alf M. Landon. Both parties appeared confident of victory at the polls November 3.

and clash of wills, of catastrophe and great human triumph. Next week you will be invited to look behind the looking glass and to see your newspaper itself as an institution with problems and ideals and purposes, and a place of its own in the human scheme.

October 5 to 12 will be Newspaper Week in California. It is a timely observance, for the public's better understanding of newspapers is particularly needed now, in these hectic pre-election weeks. Where controversial issues are involved, it is so easy for a newspaper sincerely trying to point the sanest way, to be misunderstood.

Newspaper week will emphasize the twofold purpose of any newspaper worthy of the name. That purpose is to print the news fairly and accurately, and, through interpretation of the news, to shed what light it can on the pathway of human progress.

"Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity." These words from Ecclesiastes comprise the Golden Text to be used Sunday, October 4, in all Churches of Christ, Scientist branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Unreality." Included among the Scriptural selections will be: "I will sing of the mercies of the Lord for ever; with my mouth will I make known thy faithfulness to all generations. . . . For a thousand years in thy sight are but as yesterday when it is past, and as a watch in the night. . . . So teach us to number our days, that we may apply our hearts unto wisdom" (Ps. 89: 1: 90: 4, 12).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scrip-

TAHOE REGION NEWS

By Swanee

AUTO FIRE CAUSES TAHOE DISTURBANCE

TAHOE CITY, Oct. 1—On Sunday evening about 5 o'clock Charles Mawdsley delivered the mail as is his usual custom. Instead of parking his car in the machine shop garage, down by the waterfront near the Standard Oil company's large supply tanks, he left it out under the trees.

Around 1:30 o'clock Monday morning his wife awakened to see a large blaze outside and rushing to the window discovered the car a mass of flames and smoke. An alarm was hurriedly turned in and within only a few moments a large crowd had gathered to lend its assistance. This call was cancelled 10 minutes later when the fire was reported out.

The Tahoe Volunteer Fire department is to be complimented for its prompt action. Mawdsley's car was completely destroyed, although the engine may be salvaged.

Send the Sierra Sun — better than a letter!

PET DOG GIVEN BIG FUNERAL BY OWNER

LAKE FOREST, Oct. 1—On Thursday Mr. and Mrs. Ed Wagner of Wagner's Auto camp will leave for a motor trip to Duluth, Minnesota where Mrs. Wagner will visit with her father whom she has not seen for 36 years. He is Henry Baldwin. Mrs. Wagner picked Virginia street in Reno on Sunday as the setting for a fainting spell which held her unconscious for four hours and necessitated the services of two doctors to bring her to consciousness. The cause of the spell was the critical illness of her pet 14-year-old dog, known as the Singing Pongo, that had been a member of the Wagner family for 12 years. He was taken to veterinary Hiltz of Reno for treatment when he became ill and was given an anesthetic from which he failed to recover. He was given a real funeral with floral wreaths and everything and buried in the front yard in a sunny spot which had been his favorite.

Advertise It in the Sierra Sun

SCORES ATTEND BIG CLOSING AFFAIR AT PRUSSO'S RESORT

SUNNYSIDE, Oct. 1—The closing of Prusso's Forest Inn and Gardens on Ward creek Saturday night, appropriately called Tahoe Night, proved a tremendous success, 140 persons being served during the evening. A supper was featured, with dancing being enjoyed during the dinner hours. The gathering took on the semblance of New Year's as rainbow-colored serpentine adorned the heads and necks of the merry-makers and streamed from the highest tamarack rafter.

Any number of private dinner parties made reservations, among them being District Attorney C. C. McDonald of Yolo county at whose table were seated Dr. and Mrs. Henry M. Elberg of Woodland, their houseguests at their new home in Timberland Tract, where their son Douglas also vacationed, Dr. and Mrs. H. A. Eggert of Piedmont, Mr. and Mrs. Howard J. Reamer of Clarksburg and Mrs. McDonald.

Near them Mrs. Minnie Pomin celebrated her birthday, a large birthday cake serving as centerpiece of their table. Her guests included Mr. and Mrs. E. H. Pomin, Mr. and Mrs. Stanley Pomin, J. E. Pomin, Mr. and Mrs. Herman C. Woolley of Reno, Ida and Margaret Pomin and Mr. and Mrs. John Pingree.

Other parties who attended were Mr. and Mrs. Matt Green, Mr. and Mrs. N. R. Mayfield, Dr. and Mrs. C. B. Pedersen and their dog Wernie who behaved in exemplary fashion; Mr. and Mrs. Otto Darlin and Mr. and Mrs. Joseph Duffee and daughter Eunice; Mrs. J. L. Debenedetti, Sr., Mrs. John Reedy, Miss Regina Cuneo and Miss Anna McDonald; Mr. and Mrs. J. Charles Harris.

Mr. and Mrs. John Hancock, Mr. and Mrs. Carl Bechdolt and Mr. and Mrs. Chris Boyiaredes; Chris Nielsen, Mrs. Gertrude Broach and Mr. and Mrs. Fred Rupley of Auburn; Mr. and Mrs. Charles Carrau and Mr. and Mrs. L. R. Van Loven of Truckee; Mr. and Mrs. A. M. Henry and daughter Patsy and Mr. and Mrs. John Stevens.

Mr. and Mrs. Jack Davidson of Carnelian bay and Mrs. Stella Watson; Mr. and Mrs. Jake Obexer of Homewood; Mr. and Mrs. Charles Swanson, Miss Renee Hurd and Albert Wilson of Oakland; Mr. and Mrs. Herbert Watson; Judge and Mrs. George Bliss.

Also Mr. and Mrs. Charles Heller and daughter Rosalee, Mr. and Mrs. George Kehlet and Mr. and Mrs. Rad Kiefer of Meeks bay; Joseph and Eugene Re, Mr. and Mrs. Tony Cardona, El Re, Lawrence Wilbur; Mr. and Mrs. Fred Kilner and Mr.

MANY NEW GARDENS INSTALLED BY RE AT LAKE DWELLINGS

TAHOE CITY, Oct. 1—For some years past Eugene J. Re and his father, Joseph Re, well known local landscape gardeners and stone masons, have operated an experimental Truckee river where trees, shrubs, nursery at their home on the flowers and vines foreign to Tahoe soil and climate have been tested for adaptability. Many interesting discoveries have been made which will enable the garden lover to greatly enhance the beauty of his Tahoe summer home in its native setting.

New among decorative shrubs, vines and flowers which have been successfully grown, some for the first time, in the Re gardens on the Truckee river near Rampart, are the Chinese elm, maples, European sycamore, pink flowered Robena, Virginia creeper, wistaria, orange berried mountain ash, yellow flowered Liburnum hawthorne, lilacs, Scotch broom, hydrangea and evergreens. The last mentioned embraces numerous varieties such as Colorado blue spruce, cedar Atlantica, a native of the Atlas mountains, cedar Deodora, cedar Labane, Norway spruce and native Tahoe trees, each differing in color of foliage, contour and shape, length and arrangement of needles.

Contrary to common belief among vacation visitors and many local residents, Tahoe soil and climate are admirably adaptable to the culture and production of not only many of the world's choicest flowers and shrubs but to vegetables and fruits as well.

Many Examples

Comparatively few know that at the Noah Adams' estate on the Truckee river and at the George Bacchi home in Lake Forest—luscious strawberries are produced each summer; that at J. T. Clark's lakeside home, Guth-A-Win-Ga, in the Sunnyside district, Netta Gem potatoes were raised this season, averaging six or more inches in length; that on the Herbert Fleishacker and Sidney Ehrman estates on the west shores of Tahoe, vegetable gardens of merit and productivity are successfully cultivated each year, produce including beets, turnips, rutabagas and carrots of enormous size and quality, large firm head lettuce, peas, radishes, green onions, string beans, spinach, swiss chard, kale and other greens. Caretakers Henry Soll and J. E. Pomin prepare their plots each fall with care, scattering manure over the ground which is buried by winter snows and renders fertile soil for the next year's planting.

Among prominent lake residents who have sought their services are Mrs. John Reedy and Mr. and Mrs. Charles Harris of Timberland Tract; Dr. C. B. Pedersen of Tahoe Park; Mr. Davis of Cedar Flat; Mr. and Mrs. J. L. Debenedetti, A. R. Westphal and Mr. and Mrs. Everett Prusso in the Sunnyside Tract; Henry Kaiser of Tall Pines; Dr. Miller of Meeks bay and Mrs. George Newhall of Rubicon lodge.

At the Reedy home flagstone patios, rock walls and gardens, lawns and flagstone walks were arranged and a wealth of perennials and bulbs of all varieties have just been planted.

At the nearby home of J. Charles Harris Re and his workmen installed a large barbecue pit of colorful native rock combined with a heating and Dutch oven, a massive old-fashioned iron kettle for hot water. Flagstone steps, terraces and patios lend a colorful foreground to the bright-hued beds of flowers and fern.

At C. B. Pedersen's new hillside Anderson; Mr. and Mrs. Lief Nielsen and daughter.

Also Mr. and Mrs. H. H. Hull, Dean Hull, Misses Catherine Murphy and Cleo Dougherty and Evelyn Stewart of Los Angeles and Rusty Davis of Oakland.

Garden Lovers ATTENTION!

IT IS NOW TIME TO PLANT

Have Your Flower Beds all Ready . . . Add Black Dirt and Manure

PLANT ALL YOUR PERENNIAL FERNS
AND BULBS NOW

Following is a complete list of perennials available from us now. All plants are from two to three years old. We also carry all kinds of shrubs and trees.

home Casa Sierra the Res constructed the attractive stone entrance of native stone in Andalusian architecture, over which in wrought iron semi-circles are the doctor's name and that of his estate in gold lettering.

At the new Davis' Cedar Flat residence, beyond Dollar Hill, a massive fireplace, incinerator and barbecue pit were completed recently.

At the J. L. Debenedetti home in Sunnyside Tract 300 feet of rock wall five feet high and 200 feet of rock wall two feet high were built this summer, besides flagstone patios, garden beds and a large barbecue pit combined with a Dutch oven. Perennials and bulbs planted last year made a beautiful showing in these gardens this summer.

At Prusso's Forest Inn and Gardens on Ward creek, Re constructed three fireplaces of native colored rock which reach to the ceiling of the dining room and one rustic open fireplace in the flagstone patio opening off the west wing.

At Westlake, the summer home of Mrs. Laura Westphal and son A. R. Westphal, a combination rock fountain fish pond and rock garden were combined with pleasing effect, more than 200 five-fingered fern and 300 woodwardia fern having been planted last fall about the grounds.

At Dr. Miller's Meeks bay home an Alpine garden was created and a tennis court of standard size was installed for Mrs. George Newhall of Rubicon lodge.

At the Henry Kaiser estate Tall Pines, two small stone houses were built this summer, 100 feet of sea wall around 4 1/2 feet high and 100 feet of garden walls were built.

Twenty-three fireplaces were built at new homes in the Tahoe area by Re and his crew, aside from numerous other smaller jobs.

TIMBERLAND, Oct. 1—Mr. and Mrs. Emil Kraft of Woodland enjoyed an overnight visit on Friday at the Kraft summer home in Timberland Tract.

HOBART MILLS

John Casbohm returned home Wednesday evening from Oakland where he was called to attend the funeral of a relative and reports that Mrs. Casbohm is staying at the home of her daughter in Oakland still suffering from bruises and shock of the accident they met with near Sacramento on their way down. She was gradually improving when he left Oakland.

Mrs. Emma Kleinegger of Sacramento, who spent several days in town visiting at the home of Mrs. Martin Nelson and Mrs. Frank Wilson, has returned to her home. Mrs. Kleinegger formerly lived here.

Mrs. Harry French, who is a patient at the Hobart hospital, is reported as getting along nicely. Mrs. French recently underwent an operation for appendicitis.

Mrs. Walter Viggers and family have gone to Sacramento where the family will reside this winter.

Mrs. Ray McDonald arrived in town from Sacramento on Friday afternoon to pack her furniture to

DEER HUNTERS IN SUCCESSFUL TRIP

TAHOE CITY, Oct. 1—Considerable interest was manifested at Tahoe City Sunday as Carl Bechdolt, Sr. and a group of friends posed for pictures in front of the Tahoe Inn with the five bucks they brought down in the Hell Hole district. Credited with the kills are Steve Landa of Reno who got a three and a five-pointer, Carl Bechdolt, two, and Tom Walker a forked horn. The party left on the 23rd, going in by way of Squaw valley. Also in the group were Chris Boyiaredes and Jack Freyman of Hynes, a cousin of Bechdolt.

be moved to Sacramento.

The following ladies attended a bridge luncheon at the home of Mrs. Henry Mathews in Sparks last Thursday: Mrs. E. C. Murray, Mrs. A. D. Murray, Mrs. Oscar Olson, Mrs. H. G. Seibold, Mrs. P. W. Lazier and Mrs. Frank Wilson.

Mrs. Oscar Olson returned home from a few days visit with her daughters in Roseville and expects to leave with Mr. Olson this week for Roseville to spend the winter.

Mrs. George Lesselyong entertained the Friday Afternoon Bridge club at her home on Friday afternoon, with the following ladies being present: Mrs. P. W. Lazier, Mrs. E. C. Murray, Mrs. H. G. Seibold, Mrs. Frank Wilson, Mrs. Martin Nelson, Mrs. Roy Gates and Mrs. E. K. Wilson. The afternoon was spent playing bridge and when scores were counted high awards for the afternoon were won by Mrs. Frank Wilson and Mrs. E. C. Murray. Dainty refreshments were served honoring Mrs. Martin Nelson who will leave for Oakland this week to make her future home, and the honored guest was presented with a parting gift.

Tom Craig is walking with the assistance of crutches, from the results of an accident at the sawmill last week, when a truck ran over his foot, badly bruising the member. Craig was employed on the green chain.

G. D. Oliver was confined to his rooms at the Hobart Inn for a couple of days last week suffering with a severe cold.

Joe Passenetti left Friday afternoon for Shasta City where he expects to be employed this winter.

Elmer Horan and his mother Mrs. Mary Horan were Hobart visitors Wednesday. The Horans were former residents of Hobart Mills and are now making their home at Modesto.

Mrs. Grace Hershey and Miss Martin of Berkeley were the guests of Mr. and Mrs. G. D. Oliver at the Hobart Inn on Saturday and Sunday.

Mr. and Mrs. Sherman Batterson left for Sacramento Friday afternoon where Mrs. Batterson goes for the benefit of her health.

Mrs. O. C. Landrith and daughter Margaret and son Dick of Reno arrived home Friday afternoon to spend the week end in town.

Mr. and Mrs. Richard Burton have gone to Westwood where Mr. Burton will be employed and Mrs. Burton will go to Redding to stay until they get a house at Westwood.

Mr. and Mrs. Chris Nelson have gone to Sacramento where they will

HOBART MILL CLOSED AFTER LONG SERVICE

(Continued from Page 1)

bart Estate company. Because there was another town in the state with the same name, the community was later known as Hobart Mills, although the school district still is Overton.

The first work was the erection of the saw mill. Large trees, many feet in diameter, were cut to clear the site where the mill was built. The construction was under the direction of the late L. G. Thompson, known locally as "Cap." Thompson often told in later years that it was so hot during the September in 1897 when the mill was erected that workmen found it impossible to pick up their tools after returning to work after the noon meal. Cap Thompson worked almost continuously for the company until his death, little over two years ago. Mrs. Thompson and their daughter now reside in Hollywood.

Captain Overton was followed by reside this winter.

Mr. and Mrs. Harry Edwards have returned home from a two weeks wedding trip spent in Grass Valley, Nevada City, Roseville and Sacramento and are receiving the congratulations of their many local friends.

Mr. and Mrs. Lester Cummings and family have returned from Oakland where they were called to attend the funeral of Mr. Cummings' father. Mr. Cummings has accepted a position in a fish hatchery in Oakland and will leave immediately to begin work. His family will follow as soon as he secures a home for them.

Mr. and Mrs. Merriam visited friends in town on Monday and are now located at Drum power house, near Alta. The Merriams are former residents of Truckee and Webber lake, having recently worked as lookouts on Sardine point for the forest service.

Austin Otis, Sr., returned home on Sunday from Westwood where he and his son Austin, Jr., have secured employment. Otis departed for Westwood where he will work and will be joined by his family later.

Mr. and Mrs. J. R. Watrous of San Jose spent a few days at the home of Mr. and Mrs. Roy Gates. Mrs. Watrous is a sister of Mr. Gates and they were returning to their home from an extended visit to eastern states.

Weston Harris has gone to Oregon where he has resumed school at the Oregon State college.

House Guests at Lake

LAKE FOREST, Oct. 1—Mr. and Mrs. Salvador Zarzana of Sacramento were house guests of the George Bacchis for a week. They were married in Sacramento last Sunday, the bride being the former Rose Cuccia.

C. T. Bliss as manager and he was soon joined by G. D. Oliver as assistant manager and Mr. Oliver took over the management when Bliss resigned in 1914. Oliver is still general manager of the Hobart Estate company, formerly known as the Sierra Nevada Wood and Lumber company.

Extends Railroad

Oliver has extended the railroad to the extreme holdings of the company and has gradually enlarged the plant and built up the community of Hobart. He it was who also made a common carrier of the Hobart Southern Railroad between Truckee and Hobart Mills. He was largely responsible for modernizing the plant until it is known throughout the Pine Belt as one of the most modern logging operations in the state.

From a small settlement in the beginning and a handful of people, Hobart Mills has grown into a community of more than 500 people, representing more than 100 families.

Sons Active

From their college days, the general manager's three sons grew up in the business and stayed with the concern until outside demands were so urgent that two of them were forced to leave and accept outside positions. The oldest son, T. K. Oliver, however, has remained with the company and today is second in command of the operations.

In selection of men and heads of departments there have been few resignations except where age or ill health prevented them from continuing in active work. One pioneer lumberman of the district aptly expressed the situation when he said:

Many Old Employees

"There was only one man who ever worked at Hobart Mills who failed to return. He was drowned in Prosser creek on his way back."

P. H. Gordon, who just recently retired because of ill health and left with his family for Oakland where they will reside, worked at the mill for 30 years as foreman of the box factory and was a valued employee of the company.

There are many similar records and even those who have more recently come to the community have quickly absorbed the attitude prevailing there and regret almost as deeply as the pioneers the fact that the mill is closed down.

HOW DO YOU LIKE SUPPORTING FOREIGN FARMERS?

When President Roosevelt stopped the farmer from raising crops and hogs, he took the American farmer out of foreign markets and put the foreign farmer into the American market.

Today we Californians are importing and paying for meat, cereals, eggs, etc., grown and produced in other countries by cheap labor.

Study these import figures. They help explain why this Nation has lagged behind the rest of the world in recovery from the depression.

Butter Imports	899,000 pounds in 1933*
	22,675,000 pounds in 1935
Cattle Imports	65,000 head in 1933
	365,000 head in 1935
Hogs . . .	8,000 pounds in 1933
	3,414,000 pounds in 1935
Barley . . .	109,183,000 pounds in 1933
	320,623,000 pounds in 1935
Wheat . . .	10,319,000 bushels in 1933
	38,865,000 bushels in 1935

Let's Restore America to the Americans

Elect Gov. Alf. M. Landon President

* All figures quoted are from U. S. Department of Foreign and Domestic Commerce

Unemployment and U. S. Debt Both Increasing

Out of Work in 1932.....	11,000,000
" " " " 1936.....	12,184,000
(American Federation of Labor figures)	
Out of work in 1936	
(National Industrial Conference Board figures)	9,649,000
On Relief in 1936.....	19,000,000
(Relief Administrator Hopkins' own figures)	

In his acceptance speech on July 2, 1932, Franklin D. Roosevelt said: "I propose to you, my friends, that government . . . be made solvent and that the example be set by the President of the United States."

At that time (1933) the National Debt was..... \$20,937,000,000
Three years later (June, 1936) the National Debt was..... 33,779,000,000
AN INCREASE in 3 years of..... 12,842,000,000

That bill must be paid. You and your children and their children must pay for this orgy of waste and extravagance.

End this recklessness NOW.

Check over your printing needs today and let us give you an estimate. You will find the work better and the prices as low at The Sierra Sun.

A cup of peanut butter mixed with half a cup of mayonnaise and one finely chopped raw onion makes a good sandwich spread.

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Truckee Grammar School District for the furnishing, sale, and delivery of 300 folding auditorium chairs and trucks, F.O.B. Truckee Grammar School, not later than the dates listed on the proposals and in accordance with the specifications.

A copy of any or all lists of equipment wanted, together with the general conditions and specifications governing this sale of said equipment, may be obtained by application at the office of the clerk of the school district.

A certified check for the sum of 10% of the aggregate amount bid upon, drawn upon a responsible bank or bankers, must accompany each bid, and which will be forfeited to the Board of Trustees should the bidder fail to comply with the terms of his bid or enter into further contract if required to do so.

In the event of an award of contract being given, it is understood that the Board of Trustees of the Truckee Grammar School District may exact a bond acceptable in form and conditions, and of an amount sufficient in its opinion to cover performance of contract.

All bids must be sealed and filed with the Clerk of the Board of Trustees of the Truckee Grammar School District not later than 12 o'clock noon October 16th, 1936.

The Board of Trustees of the Truckee Grammar school district reserves the right to accept or reject any and all bids, and to waive any and all informalities with reference to said bid.

MRS. DAN SMITH, Clerk
T. O'HANRAHAN, Chairman
R. A. TONINI.

Donner Park Planned In State Park Issue

Residents of the Sacramento valley and other north central California counties, reminded of the value of the state's notable park system by historic Marshall and Donner monument parks, the Lake Tahoe camp grounds and Sacramento's memorial state cemetery, today were reported rallying to support of Proposition 4 on the November ballot in numbers.

William E. Colby, chairman of the State Park commission, said the northern monuments and camp grounds drew record throngs of visitors to spend their vacation money in the section this year. Extension of Marshall Monument park and acquisition of Donner lake and Gold lake in the high Sierras are projects also recommended to the state, he recalled, in which all Central California residents are interested.

Colby cited several such projects discussed in Frederick Law Olmsted's report after the eminent park authority's state-wide survey in 1928.

Lying on his back holding the bow with his feet and pulling the bow string back with both hands, Curtis L. Hill recently shot an arrow a distance of 518 yards. This is slightly farther than the average revolver bullet will carry.

Send the Sierra Sun — better than a letter!

Up to the first of the month bonus bonds totaling \$1,018,000,000 had been cashed by veterans.

Good Lighting

starts with

Proper Lamp Design

Here is the

1

Higher standard than the ordinary lamp. 19½ inches from table top to bottom of shade.

2

What a difference under the shade! The diffusing bowl which eliminates both reflected and direct glare to give light that is soft and glareless.

3

The shade open at the top and wide at the bottom is the third reason why this revolutionary lamp gives six to ten times as much light as an ordinary lamp.

of a

Better Lamp

for Better Light

SEE that the lamps you buy for your home are designed to give you abundant light from proper height and distance so that it is easy for your eyes to see quickly and to read without effort.

Note the distinctive features of the Science of Seeing Study Lamp pictured above. They are the tall standard, the diffusing bowl and the special shade wide at the bottom to give much more useful light than ordinary lamps.

There should be at least one of these new lamps in every home. It helps good eyes to keep good eyesight and aids weakened eyes to see more easily.

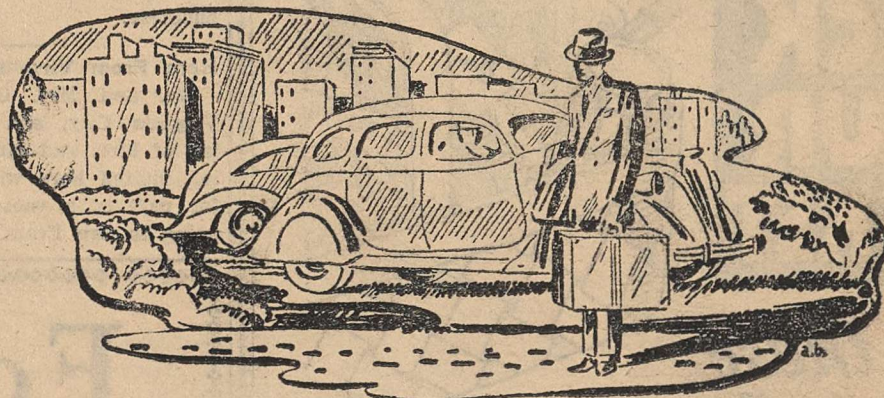

Your dealer or this company can show you many models for floor or table use. See them today.

Were you ever alone in a strange city?

If you were you know the true value of this newspaper

Alone in a strange city. It is pretty dull. Even the newspapers don't seem to print the things that interest you. Headline stories are all right, but there is something lacking. That something is local news.

For—all good newspapers are edited especially for their local readers. News of your friends and neighbors is much more interesting than stories of far off places. That is why a newspaper in a strange city is so uninteresting. And that is why this newspaper is so important to you. This is Newspaper Week. It's a good time to get to...

KNOW YOUR NEWSPAPER

San Francisco Visitors—

Mr. and Mrs. Ross Peterson of San Francisco spent several days in Truckee this week. Peterson is the contractor on the building of the new grammar school.

New Teacher Here—

Miss Norma Reichelt of San Francisco has been elected as primary teacher in the Truckee grammar school for the coming term.

Alone in the Field But Prices Are Lower

In spite of the fact that we have no competition we are maintaining the lowest possible prices on all quality meats.

Make Comparisons

Our prices compare favorably with those obtainable in larger cities.

It will continue to be our policy to offer savings to housewives of Truckee.

For Example:

Fresh Ground HAMBURGER, lb.	15c
Swift's SLICED BACON, Lean, lb.	45c
POT ROAST Steer Beef, lb.	17c
Round or Sirloin STEAK, lb.	25c

We Pledge Similar Prices Regardless of Competition

Visit in Oakland—

Mr. and Mrs. Tony Pace, Mrs. R. A. Tonini and Mrs. Elden Tonini and sons motored to Oakland Saturday for a visit of several days.

Goes to Madera—

Mrs. L. Van Loven went to Madera Monday for a visit.

Motor to Capital—

Mrs. A. Applegate and Mrs. E. J. Campbell motored to Sacramento Friday. Mrs. Applegate has returned home, but Mrs. Campbell is remaining for a visit with her daughter, Mrs. O. J. Rablin in Roseville.

Accepts Position—

Phil Lees has accepted a position as assistant manager of the Senator theatre in Sacramento and left Tuesday for that city. Lees had been employed for the past three years by the Sierra Pacific Power company.

Here for Week End—

Miss Amelia Zorich was home from Wadsworth to spend the week end.

Dinner Guests—

Mrs. George Kamp and son and Mrs. Jennie Watkins and sons were dinner guests at the CCCC camp at Rubicon point last Thursday and joined in the song service which followed.

Visits Here—

George Wheeler of Sacramento was the guest of Mrs. Jennie Watkins for several days last week.

Returns to Roseville—

Mrs. E. Brandt has returned to Roseville after a visit with Truckee friends.

Visits Oakland—

Mrs. Mary Roquette spent several days in Oakland last week visiting relatives and friends.

Oklahoma Visitors—

Miss Leona Perry of Lake Tahoe has her brother and sister-in-law, Mr. and Mrs. W. E. Turner of Oklahoma as her guests. The visitors are interested in this community and may make it their future home.

On Business Trip—

Earl Smith and Charles Johnson of Woodland were in Truckee visiting friends en route to Nevada on a business trip.

Working Here—

L. H. Niles of Oakland, oil heating specialist, is here from Oakland working with Harold Langille, manager of the Rotary Oil and Burner company for a week or ten days getting local heating appliances in condition for winter use.

Stoll Visits—

District Attorney Vernon Stoll was in Truckee Tuesday on official business.

Here From Virginia City—

Mr. and Mrs. George Tonini of Virginia City, son and daughter-in-law of Mrs. and Mrs. Benjamin Tonini, visited here with their relatives for part of a vacation period, later going to San Francisco.

Goes to Auburn—

C. Edmunds was a business visitor in Auburn Monday.

Trio to Bay City—

Mrs. A. Filipeic accompanied Mr. and Mrs. Martin Nelson to San Francisco this week. Mr. Filipeic plans to meet his wife in the bay city later in the month and the couple will then continue to Seattle and other points of interest on the coast. Miss Dorothy Filipeic will remain in Truckee.

To Attend Party—

Mr. and Mrs. Dave Cabona left Thursday for Red Bluff where they will join in the celebration honoring Mrs. Cabona's father, Mr. A. C. Kaer, who will enjoy his 75th birthday on Friday.

Auburn Business Visitor—

W. H. Laity was a business visitor in Auburn Tuesday.

Comes from Wells—

Leland Laity was home from Wells, Nevada for the week end.

Leave Truckee—

Mr. and Mrs. R. Jessup returned to their home in San Francisco after spending two months here.

Home from Oakland—

Mrs. C. A. Ocker has returned to her home in Truckee after an extended stay in Oakland.

Sacramento Guest—

Mrs. Rosa Bagwell of Sacramento is visiting Mrs. Carrie Sackett.

Goes to Auburn—

J. F. Lichtenberger is spending a few days with his family in Auburn.

Here from Sparks—

Mr. and Mrs. E. Elmore and their niece, Miss Baker, all of Sparks, Nevada, were visitors here last week.

Return from Vacation—

Mr. and Mrs. George Moore have returned from Oregon where they enjoyed a vacation.

Minister Here—

Rev. G. W. Emigh returned from Reno this week end.

Comes Home from City—

Mrs. W. F. Wilkie has returned home after an extended visit in San Francisco.

Coterie of Friends go to Tahoe—

Mrs. R. P. Bick, P. R. Nelson, Jennie Watkins, F. A. Titus and Lotta Bryant motored to Lake Tahoe Wednesday where they visited friends and enjoyed the autumnal scenes.

Jennings Promoted—

Friends of M. L. Jennings, trainmaster of Truckee are congratulating him upon hearing of his promotion to the position of assistant superintendent for the railroad company with headquarters at Dunsmuir but are also regretting his departure which will mean the severing of associations begun a number of years ago.

SCHOOL ACTIVITIES

Meadow Lake Union high school will have a new constitution. The old one has been found inadequate for the present needs and under the supervision of Principal G. E. Hofmann the new set of by-laws will be written by the following representatives of the four classes: Miss Pat Duncan and Geno Guidi of the seniors, President Robert Bowers and Douglas Barrett of the juniors, President Tina Gini and Theresa Gordon of the sophomores and freshmen Lillo Guidi and Dorothy Barrett.

The freshmen were initiated into the mysteries of high school rules and regulations at a supervised evening of stunts and games last Friday with members of the junior class heading the ceremonies.

The casualty list of this week included freshman president Lillo Guidi who had the misfortune to cut his lip, necessitating a treatment by Dr. Bernard.

Alice Gordon strained her ankle last week but is getting about in her usual sprightly manner at present.

Rumor has it that the school's number one musician, Robert Gordon, is making another instrument to add to his collection.
